Teti è una collezione che interpreta il mobile bagno come un volume architettonico, dove forme e dettagli si scompongono e si ricompongono in un gioco calibrato di pieni e vuoti. L'anta, lavorata con sezioni "dentro-fuori", dialoga con una gola che avvolge e definisce il perimetro.

Teti is a collection that interprets the bathroom cabinet as an architectural volume, where shapes and details deconstruct and reconstruct in a calibrated play of solids and voids. The door, crafted with "in-out" sections, interacts with a recessed handle that wraps around and defines the perimeter.

La composizione a terra si distingue per i due cassettoni con lavorazione cannettata orizzontale. Completa l'insieme la colonna coordinata, anch'essa cannettata e dotata di apertura push-pull, per un'estetica essenziale e senza interruzioni.

The floor-standing composition is defined by two large drawers with horizontal fluted detailing. Completing the ensemble is a coordinated tall unit, also fluted and equipped with a push-pull opening system, offering a seamless and essential aesthetic.
